

## American Made, Start to Finish

Top Ten Reviews, an independent rating company voted PDC Spas® "Swim Spa of the Year" based upon leading product design, performance, reliability and company support. This collection features patented dual propulsion and jetted resistance currents for unparalleled aquatic fitness in 16 models ranging from a full 19' to space conscious 12' fitness units. Buy with confidence from this USA manufacturer with over 6 decades of industry experience backed with a trusted 35 year warranty.

# TruSwim

## Patented Swim Spa Propulsion Technology

As the leader in propulsion innovation, PDC Spas' dual hydraulic propellers in a patented side-by-side design offers balanced resistance in a turbulent free swim fitness lane. The four TruSwim® models feature a 29" wide fitness path, a powerful 5,000 GPM water flow and a shell design creating unmatched circulation. TruSwim® is regarded as the premium of propulsion units in the swim spa industry. From fitness enthusiasts to marathon athletes, the TruSwim® current delivers the optimum in aquatic fitness and fun.

Fitness, Wellness & Weight Control

Exercising in the buoyancy of warm water offers a fitness regimen without joint stress for year round exercise promoting strength, stamina, better sleep and calorie control. Improve upper body muscle with AquaForce™, a unique pulley system offered with all models. With the AquaCross™ tether system, additional resistance in the jetted models maximizes results from a full spectrum of fitness routines. If walking or jogging is your exercise of choice, no need to purchase an expensive bulky treadmill! With the slip-resistance MotionMat™, added balance and traction guarantees your workout is safe, effective and economical. (picture opposite page).

Space and budget fitness spas, 12′-15′ models. Vitality™ Series details on website.

- \* Standard
- # Optional

Year Round Backyard Enjoyment Complete your backyard oasis with a dual zone model, a hot tub and a swim fitness spa in one! The generous 14' fitness zone offers family fun and aquatic wellness, while the ample 5 seat hot tub zone guarantees relaxation in warm swirling waters, melting away tension and stress. Each zone operates independently with separate controls, heating and filtration.

## Built with USA Pride

Built from start to finish here in the USA, PDC Spas® proudly employs American workers for unparalleled workmanship. This manufacturing excellence stands apart from others with hand-rolled fiberglass and non-filled resins producing a shell so strong it can stand on its own, confidently backed with personal factory direct support.
